Studio Director Tips

View Financial History

Questions regarding your account can easily be answered by viewing your detailed account ledger via your Studio Director account.

To access:

- Click on the menu icon located in the upper left hand corner of the welcome page
- Under My Account click view financial history
- The next screen is your family's detailed account ledger. This summarizes all charges and credits by month and dancer.

To view detailed class tuition charges click the plus sign next to each month's tuition line.

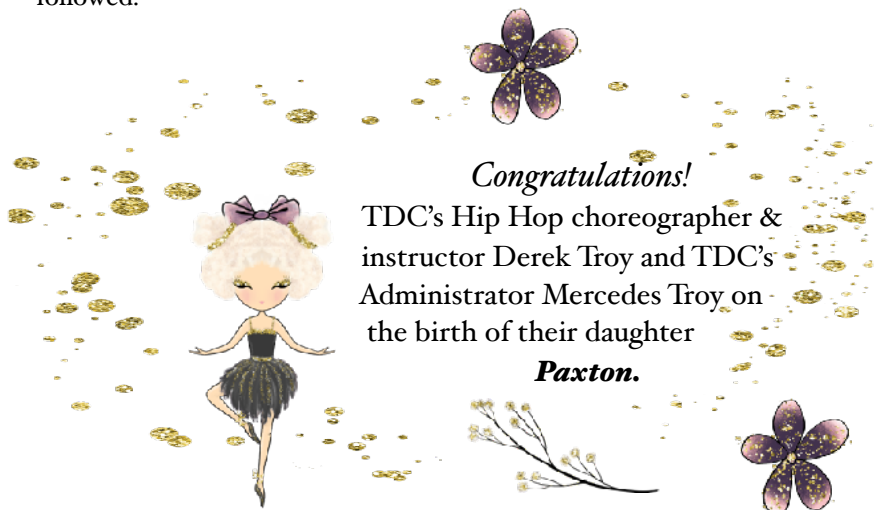

Drop & Add Class Charges

Studio Director works on a pro-rated system. Charges and credits are pro-rated based on the day of the month the transaction is executed. A credit will appear in your balance column when a class is dropped. A charge appears in your balance column when a class is added.

Credits are carried forward and applied to the next month's tuition. If a class is simultaneously dropped and added, the system issues a credit for the dropped class and a charge for the added class. The net effect is a zero balance.

Class Withdraw Policy

If you wish to withdraw from class(es) completely (and not change to an alternate class), an email notification must be submitted two weeks prior to the month you wish to withdraw, to admin@tdcoflogatos.com. No tuition refunds will be considered for class withdrawals where proper notice is not received. Your account will remain active (and tuition charged) unless proper withdrawal procedures have been followed.

Congratulations!
TDC's Hip Hop choreographer & instructor Derek Troy and TDC's Administrator Mercedes Troy on the birth of their daughter
Paxton.
